

I am submitting this in response to the FCC's attempt to change the Wisconsin No Call List to the Federal Government's no call list. The Wisconsin No Call List is the best law passed in WI in many years. No longer are we bothered by telemarketers several times every night. When you sign up and the calls stop. There is no 18 month dwindle off period, it goes into effect and the nuisance calls stop. A change to the Federal government no call list would be a step backwards for Wisconsin in resolving this national irritation.
